THURAYA TODAY.**

THURAYA 
stay close

Who we are and what we do?

Thuraya is a leading mobile satellite operator based in the UAE that provides vital connectivity to our users located across our vast coverage area spanning Africa, Asia, Europe, and the Middle East. We are proud to serve the diverse satellite communication requirements of customers from the broadcast/media, energy, maritime, government and humanitarian NGO sectors.

We were started in 1997 by a consortium of telecom operators and are based at our head office in Dubai. We fly, monitor and operate our satellites from our technical facilities called the Primary Gateway in Sharjah. In addition to our office in the UAE, Thuraya has a presence in Singapore and the United States with plans to further grow our markets globally. Thuraya currently employs over 200 satellite professionals who come from multi-cultural backgrounds from around world.

It really IS rocket science!

At Thuraya, we are passionate about satellites, outer space and innovation. More importantly we are committed to helping people stay connected when it matters the most. We own and operate two state-of-the-art geostationary satellites in orbit which provide mission-critical voice and data communication services to users located outside of terrestrial networks whether on land, at sea or in the air.

We're on a mission to innovate the satellite industry by offering our diverse range of technologically superior and highly reliable mobile satellite handsets and broadband devices that provide ease of use, value, quality and efficiency. Above all, we are committed to serving humanity through delivering essential communication tools for optimal connectivity, never leaving anyone out of reach.

We have ambitions to expand our business into new markets and new segments. We are looking for UAE talent that will help us achieve our bold ambitions. More specifically, we're looking for bright and ambitious UAE students and recent graduates of Business Administration, Engineering, Economics and Law or other related disciplines interested in pursuing a career at a global satellite communications company.

We are offering internships in any one of the following areas

- **Engineering and Technology:** Be part of the team that is at the heart of what we do. Get hands-on experience and learn about our state-of-the-art technical operations, which include flying and operating our satellite fleet, and ensuring that our mobile satellite services are operational 24x7x365
- **Product Management and Development:** Learn about the fundamentals of product lifecycle management. How to build a product go-to-market plan, conduct market research, define end-user and technical requirements to ensure Thuraya's mobile satellite products stay at the forefront of innovation
- **Marketing and Communications:** Get an insider view on the inner-workings of a full-service global marketing and communications team. From branding, graphic design and copywriting to communications strategy execution, press release development, event planning and digital marketing, learn the ins and outs of how Thuraya promotes our brand around the globe to our customers and partners

- **Distribution:** An internship within our Distribution team will involve supporting our global account managers to build and develop our service partner channel around the world. This includes motivating and supporting our service partners to promote Thuraya's products and services
- **Finance:** Passionate about numbers? Be part of our Finance and Accounting teams and learn about budgeting, reporting, vendor management and financial analysis of a fast-growing global company
- **Human Resources:** Are you a people person? Learn about recruitment, retention, training and development in addition to working with internal stakeholders to solve and collaborate on employee relations issues that are vital to our operations

How Thuraya's Internship Program benefits me?

As a global leader in the satellite industry, we believe that homegrown UAE talent is vital to the success of Thuraya. We welcome applications from UAE university students studying abroad or at home to apply for an internship at Thuraya.

Experience is essential to help you grow professionally and continuous training to develop your skills for a potential career with Thuraya. Right from the start, you'll be given a challenging hands-on role, working in a diverse, global environment.

You'll be welcomed into Thuraya and encouraged to make your contribution to an organization built around teamwork and innovation. You'll be supervised and mentored with frequent reviews as part of a structured development program, agreed with you in advance.

You'll receive hands-on training in our business and your role, tailored to your skills and what you're hoping to do in your career. There will be opportunities to develop your expertise and secure valuable professional qualifications whether in engineering, finance, human resources, marketing or product management. At the end of your time in the Program, we will conduct a concise assessment of your performance and competence. This is a paid internship where you will receive a certificate of acknowledgement at the end of your work period.

What we look for?

There are specific skill requirements for each role in Thuraya. But, no matter what your particular role is, there are certain qualities you'll need if you are going to succeed with us.

You should enjoy being challenged and be able to think out of the box. You'll need to be good at absorbing information, analyzing problems and coming up with ideas. You should have the drive, confidence and

resilience to get things done. We'll give you training, support and guidance to develop your potential.

We'll team you up with some of our most accomplished problem-solvers and dynamic innovators who help us deliver better mobile satellite solutions.

During your application process with Thuraya, we will assess whether you meet these specific criteria.

Qualification criteria

We are recruiting students or recent graduates from an accredited academic institution either in the UAE or abroad who meet the following criteria:

- UAE Nationals
- Students shall be undergraduates/recent graduates (within one year of graduating)
- Minimum GPA of 2.5
- Recommendation letter from your university

Minimum internship period is 4 weeks and maximum 6 months

How to apply?

Thuraya accepts online applications. If you are interested to apply, check our available positions or learn more about the duration of the program, please visit:
